quantity available: 250 & 500mL, 1, 5, 15 & 25Litre

SANICLEAN

Portable Toilet Sanitiser Deodorizer

Contains: Quaternary Ammonium Compound

100% BIODEGRADABLE, SUITABLE FOR DISCHARGING TO SEWER

Saniclean is designed to break up and dissolve fasses, tissue paper and urine. Saniclean will dissolve, while at the same time controlling fungal growths and foul odours by destroying bacteria present in the system.

The long lasting pleasant perfume lingers while the Saniclean works, made to last up to 14 days in extreme conditions Saniclean provides bacteria security and peace of mind for your system.

DOSAGE:

30-40 Mls per litre of fresh water carried in the holding tank.

Example: If your fresh water holding tank holds 20 litres add 600mls of Saniclean to the toilet holding tank, as you flush the system the Saniclean will come into its own by mixing with the water intake and going to work in the system. **DO NOT ADD TO THE FRESH WATER TANK. NOT SUITABLE FOR SEPTIC TANKS.**

Refer to Material Safety Sheet for further information.
