DIRECTIONS FOR USE

Water based **PET ODORGON** is designed undiluted. To destroy most disease germs and urine deposits Saturate the surface or area being treated by spraying liberally with **PET ODORGON**. Allow to dwell and rinse thoroughly. Apply a second treatment, rake in and leave. It is essential that you saturate the area to ensure treatment.

ROOM FRESHENER: Apply **PET ODORGON** as a mist spray into the centre and corners of the room to be freshened. The exceptional lasting power of the **PET ODORGON** perfume will be evident for hours after spraying. As an added advantage the **ODORGON** formulation will control and destroy odour-causing bacteria.

DEODORANT/DISINFECTANT/REODORANT: As an effective disinfectant, **PET ODORGON** eliminates most disease germs while it reodorises the air using a specially incorporated long lasting residual perfume. **PET ODORGON** is ideal for use in disinfecting change rooms, toilet seats, bathrooms, shower areas, gymnasiums and animal areas.

MOULD & MILDEW: **PET ODORGON** will control the formation of mould and mildew in shower areas, laundries, basements, storage rooms, boats and any damp area.
