THE PRODUCT

Leather Pro Cleaner/Conditioner is an upholstery leather cleaner/conditioner specially formulated to Leather Industry Standards to remove most soiling from Pigmented (finished), Bi cast and Semi Aniline upholstery leathers. **Leather Pro CC** is a water-soluble solution containing mild cleaners and waxes that are fully biodegradable, not harmful to the skin and non-toxic when used as directed.

DIRECTIONS:

1. Shake bottle well.
2. Apply a small quantity of Leather Pro CC onto a moist clean cloth and gently massage the entire leather surface.
3. Ensure main wear areas are thoroughly cleaned to help prevent leather damage.
4. Lightly buff with soft clean cloth.
5. Avoid high rubbing pressure.

PRODUCT DATA SHEET

6. Allow leather surface to dry thoroughly away from direct heat.
7. Pigmented (finished Leather), Bi-cast and semi Aline leathers should be thoroughly cleaned and conditioned 4-6 times per year.
8. Regular cleaning with Leather Pro CC will inhibit mould growth.
9. Test on non-visible area if uncertain.

Not suitable for Suede, Nubuck, Waxed, oiled and Rawhide type leathers.

For maintaining these leather types please refer to the Leather Pro brochure to learn more about your leather.
